FAIRFIELD ELASTICS

Quality and Variety...

Fairfield Orthodontics understands that elastomeric products differ manufacturer to manufacturer and orthodontists prefer certain ligature ties based on elasticity, memory, colors, etc. Therefore, we carry numerous lines of elastomeric ligature ties to tailor to every practice's preferences.

Our popular power series ligature ties are available in a very wide variety of colors with matching chain. Fairfield Orthodontics Elastomeric series features long or short ligatures with a popular dumbbell shape. Our new Twin Ties elastomeric ligatures are excellent quality and priced right.

We also offer a variety of elastic thread and tubes, separators, rotation wedges, and extraoral elastics. We hope you find what you need.

Fairfield Orthodontics also wants to make the ordering process as simple as possible. Therefore we developed the ez fax ordering system. On the back of this page is a fax order form which can be copied and used for placing bracket orders. You will find a similar order form at the beginning of each section throughout the catalog- each specifically designed for ordering the products in that section.
